

Table of Contents

No	Research title	Name researcher	pages
1	Environmental temperature variation and blood pressure of young normotensive students in college of science for women	Noran jameel Ibraheem	1-9
2	The first record of eagle ray <i>Aetobatus flagellum</i> (Bloch & Schneider, 1801) from Shatt Al-Basra canal, south of Iraq	Abbas J. Al-Faisal Ahmad Ch. Al-Shamary Abdul Haleem A. Al-Muhyi	10-15
3	Serum Trace Elements in Patients with Type 2 Diabetes Mellitus	Iqbal Fadhel Alwan Amar M.Hamood Ekreai kheun shaker	16-23
4	Theoretical Study of Electronic Transfer rate constant At Solar Cell	HadiJ.M Al-agealy MohsinA.Hassooni Ahmed M.Ashweik Raad .H.Mjeed AbbasK.Sadoon	24-33
5	Using GIS for mapping the Cancer incidence, distribution in Babylon governorate middle of Iraq	Jwad K. Manii Sammer Al Mayahii	34-43
6	The effect of manganese poisoning on the histological structure of testis in male Swiss mice	Shaima Obead Abd-Allh Shaima ahmed Rahim nisreen kaddim radi	44-53
7	The antimicrobial activity of Al-Ankabut's home (Spider's web) extract	Esam J. Al-Kalifawi Yasamine Jumaa Kadem	54-63
8	The Molecular and Biological Study of the Isolated Bacteriophages Infecting <i>Pseudomonas aeruginosa</i> From Sewage water	Marwa fadhil Alsaffar Eman Mohammed Jarallah	64-82
9	Synthesis, Characterization and Antimicrobial Studies of TransitionMetal Complexes with Azo Ligand derivative from 4-Aminoantipyrine	Mohamed A. Kareem Halal Dawood Salman	83-92
10	The Endoglin (CD105) Expression as a Marker of Tumour Vasculature in Urinary Bladder Tumours of Iraqi patients	Hind M. Mousa Amna N. Jassem Munther J. Hussain	93-98
11	In vitro the antiprotozoal activity of <i>Allium sativum</i> alcohol extract and metronidazole in <i>Entamoeba gingivalis</i> which isolated from patients with periodontal disease	Rafila'a S. H. Hussien Sura I. A. Jabuk Hawraa S. Almusawi Anmar M.K.Almamoori Zainab Amran	99-103
12	CTX-M producing carbapenem- resistant <i>Klebsiella pneumoniae</i> from children with upper respiratory tract infections In Hilla city.	Fatima Moeen Abbas	104-110
13	Molecular diagnosis of patulin toxic produced from <i>Penicillium expansum</i> in apples fruits	Ibtihal Muiz Al-Hussaini Khadega Hamza Kadhim	111-120

Mesopo. Environ. J., Special Issue C, 2017
ISSN 2410-2598
proceeding of 1st National conference of science and Art
University of Babylon
